Unlocking Children's Potential

Physiotherapy

Speech and Language Therapy

Sensory Integration Therapy

Learning Development

Hydrotherapy

Can we help your family?

Are you worried that your child is not reaching developmental milestones?

At Brainwave, we see children with or without a diagnosed condition. We aim to improve children's mobility, communication skills and learning potential through a range of specialist therapies.

Join us in the fun, friendly atmosphere of our fully equipped Brainwave Centres, located in Somerset, Cheshire and Essex. Our team of qualified therapists will devise a structured Therapy Programme tailored to suit your child's and your family's needs.

Our work is generously funded by charitable donations, which enables us to subsidise most of the costs of a child's assessment.
